RESPONSIBLE SOURCING POLICY

1. Purpose

Weaver Bird Garment Manufacturers Ltd is committed to sourcing goods and services responsibly and to working with suppliers and business partners who share our commitment to lawful, ethical, socially responsible, and environmentally responsible business practices.

This Responsible Sourcing Policy establishes the principles and minimum expectations that guide our sourcing decisions and our relationships with suppliers, contractors, subcontractors, and other relevant business partners.

Our objective is to support a reliable and responsible supply chain while maintaining the quality, integrity, and sustainability of the garments and other products we manufacture and supply.

2. Scope

This policy applies, as appropriate, to suppliers, contractors, subcontractors, service providers, agents, and other parties supplying goods or services to Weaver Bird Garment Manufacturers Ltd.

This may include suppliers of:

- Fabrics and textiles;
- Yarn and knitting materials;
- Buttons, zips, fasteners, elastic, thread, and other trims;
- Labels, badges, embroidery and printing materials;
- Packaging materials;
- Garments and other finished or semi-finished products;
- Machinery, equipment, and production supplies;
- Transport and logistics services;
- Subcontracted manufacturing or processing services; and
- Other goods and services used in our operations.

We expect suppliers to apply the principles of this policy within their own operations and, where reasonably appropriate, encourage similar standards within their supply chains.

3. Our Responsible Sourcing Principles

Weaver Bird seeks to conduct business with suppliers who operate lawfully, ethically, responsibly, and with integrity.

Our responsible sourcing approach is based on the following principles:

- Business is conducted lawfully and with integrity;
- Bribery and corruption are prohibited;
- Workers are treated fairly, equally, and with dignity;
- Employment is freely chosen;
- Unlawful child labour is prohibited;
- Appropriate wages, working hours, and employment conditions are maintained;
- Workers' health and safety are protected;
- Applicable freedom of association and employee representation rights are respected;
- Products and materials meet agreed quality and safety requirements;
- Environmental impacts are responsibly managed;
- Business and confidential information is appropriately protected; and
- Concerns and identified non-compliance are addressed responsibly.

4. Compliance with Laws

Suppliers are expected to comply with applicable laws and regulations relevant to their operations, employment practices, products, services, and business activities.

This includes, where applicable, requirements relating to:

- Labour and employment;
- Occupational health and safety;
- Environmental protection;
- Product quality and safety;
- Taxation and financial records;
- Anti-bribery and anti-corruption;
- Competition and fair business practices;
- Intellectual property;
- Data and confidential information; and
- Import, export, and other applicable trade requirements.

Where this policy establishes expectations beyond minimum legal requirements, suppliers are encouraged to work towards the higher standard where reasonably practicable.

5. Business Integrity

We expect suppliers to conduct business honestly, fairly, transparently, and with integrity.

Suppliers must not engage in bribery, corruption, fraud, extortion, embezzlement, kickbacks, or other improper business practices.

No supplier or person acting on behalf of a supplier may offer, promise, give, request, or accept an improper payment, gift, commission, benefit, or other advantage for the purpose of improperly influencing a decision relating to Weaver Bird.

Suppliers should disclose actual or potential conflicts of interest that could improperly affect their business dealings with Weaver Bird.

Suppliers are also expected to comply with the principles of Weaver Bird's Anti-Bribery & Anti-Corruption Policy where applicable to their relationship with the company.

6. Fair and Respectful Treatment of Workers

Suppliers are expected to treat workers fairly and with dignity and respect.

Harassment, intimidation, bullying, abuse, unlawful discrimination, or degrading treatment should not be tolerated.

Employment decisions should be made fairly and in accordance with applicable employment laws and legitimate job requirements.

Workers should have reasonable means to raise workplace concerns without fear of retaliation for making a genuine report in good faith.

7. Forced Labour and Human Trafficking

All employment must be freely chosen.

Weaver Bird does not knowingly source goods or services produced through forced, bonded, trafficked, compulsory, or involuntary labour.

Suppliers must not use threats, coercion, intimidation, debt bondage, restriction of movement, or other unlawful means to compel a person to work.

Suppliers are expected to take reasonable steps to prevent forced labour and human trafficking within their operations and relevant supply chains.

8. Child Labour and Young Workers

Weaver Bird does not tolerate unlawful child labour.

Suppliers must comply with applicable minimum-age requirements and other laws governing the employment and protection of children and young persons.

Where young workers may lawfully be employed, they must not be assigned work prohibited by applicable law or work that unlawfully jeopardises their health, safety, education, development, or well-being.

9. Wages, Benefits and Working Hours

Suppliers are expected to comply with applicable legal requirements relating to wages, working hours, overtime, leave, rest periods, and other employment conditions.

Workers should receive the wages and employment benefits to which they are legally or contractually entitled.

Working hours should comply with applicable law, and suppliers should seek to maintain working arrangements that appropriately protect workers' health, safety, and well-being.

10. Freedom of Association and Employee Representation

Suppliers should respect workers' lawful rights relating to freedom of association, employee representation, and collective bargaining in accordance with applicable law.

Workers should not be subjected to unlawful discrimination, intimidation, or retaliation for exercising such rights.

11. Health and Safety

Suppliers are expected to provide a safe and healthy working environment and take reasonable measures to prevent workplace accidents, injuries, and occupational illness.

Appropriate measures should include, where relevant:

- Identifying and managing workplace hazards;
- Maintaining machinery and equipment safely;
- Providing appropriate personal protective equipment;
- Maintaining suitable fire and emergency procedures;
- Providing appropriate safety information and instruction;
- Maintaining clean and suitable working facilities; and
- Reporting and addressing workplace accidents and unsafe conditions.

Suppliers undertaking work at Weaver Bird premises must also comply with applicable Weaver Bird health and safety requirements.

12. Product Quality and Safety

Materials, products, and services supplied to Weaver Bird must meet agreed specifications, quality standards, and applicable safety requirements.

Suppliers must not knowingly substitute materials, alter agreed specifications, misrepresent product composition, or supply counterfeit or materially non-conforming goods without prior authorisation.

Where applicable, suppliers should maintain appropriate records relating to material composition, product specifications, quality, origin, testing, or other information reasonably required by Weaver Bird.

Suppliers should promptly notify Weaver Bird of any significant quality or safety concern affecting goods or materials already supplied or scheduled for supply.

13. Responsible Materials and Traceability

Weaver Bird encourages suppliers to understand the origin of the materials and products they supply and, where reasonably practicable, maintain appropriate information regarding their source.

Suppliers should not knowingly provide illegally obtained, counterfeit, stolen, or otherwise unlawfully sourced materials.

Where Weaver Bird requests information regarding the origin, composition, certification, or traceability of particular materials, suppliers are expected to provide accurate information reasonably available to them.

False or deliberately misleading statements concerning the origin, composition, sustainability, or certification of materials are not acceptable.

14. Environmental Responsibility

Weaver Bird recognises that responsible sourcing includes consideration of environmental impacts.

Suppliers are expected to comply with applicable environmental laws and responsibly manage environmental impacts associated with their activities.

Where relevant to their operations, suppliers are encouraged to:

- Use energy, water, and raw materials efficiently;
- Reduce unnecessary waste;
- Manage chemicals and potentially hazardous materials responsibly;
- Prevent inappropriate discharge or disposal of waste;
- Reduce unnecessary packaging;
- Promote reuse and recycling where practicable;

- Reduce avoidable pollution and emissions; and
- Consider environmentally responsible materials and production methods where suitable.

Weaver Bird encourages continuous improvement in environmental performance throughout its supply chain.

15. Chemicals and Restricted Materials

Suppliers of fabrics, dyes, printing materials, chemicals, accessories, or other relevant production inputs are expected to comply with applicable requirements governing chemical safety and restricted substances.

Suppliers must provide relevant safety, composition, handling, or technical information where required for the safe and lawful use of supplied materials.

Materials known to present an unacceptable safety or regulatory risk must not knowingly be supplied contrary to applicable requirements or agreed specifications.

16. Confidentiality and Intellectual Property

Suppliers must respect Weaver Bird's confidential information and intellectual property.

Information provided to suppliers for the purpose of fulfilling an order or business relationship must not be used for unrelated purposes or disclosed to unauthorised third parties.

This may include:

- Garment specifications;
- Patterns and technical information;
- Customer information;
- Pricing;
- Tender and quotation information;
- Artwork and branding;
- Product designs;
- Samples; and
- Other confidential business information.

Suppliers must also respect intellectual property belonging to Weaver Bird's customers and other third parties.

17. Subcontracting

Where a supplier proposes to subcontract material elements of goods or services being supplied to Weaver Bird, the supplier should ensure that subcontracting does not compromise agreed quality, legal, ethical, safety, or responsible-sourcing requirements.

Where prior approval for subcontracting is required by a contract, purchase order, specification, or other agreement with Weaver Bird, such approval must be obtained before the relevant work is subcontracted.

Suppliers remain responsible for meeting their obligations to Weaver Bird in relation to subcontracted work.

18. Supplier Selection and Assessment

Weaver Bird may consider responsible sourcing factors when selecting, approving, or reviewing suppliers.

Depending on the nature, size, and risk of the supply relationship, this may include consideration of:

- Product quality and consistency;
- Compliance with specifications;
- Business integrity;
- Labour and employment practices;
- Health and safety;
- Environmental practices;
- Supply reliability;
- Material origin and traceability;
- Regulatory compliance; and
- Previous performance.

The level of assessment undertaken may vary according to the nature and risk of the goods or services being supplied.

19. Reporting Concerns

Suppliers, contractors, their workers, and other relevant parties are encouraged to report suspected serious violations of this policy or concerns relating to goods or services supplied to Weaver Bird.

Concerns may be reported through:

Email: info@weaverbirdkenya.com

Reports should provide sufficient information to enable Weaver Bird to understand and assess the concern.

Reports will be handled responsibly, and confidentiality will be maintained to the extent reasonably practicable.

Weaver Bird does not tolerate retaliation against a person for raising a genuine concern in good faith.

20. Non-Compliance and Corrective Action

Where Weaver Bird identifies a concern regarding compliance with this policy, the company may seek further information from the supplier and, where appropriate, require corrective action.

Weaver Bird generally supports engagement and reasonable corrective action where a supplier demonstrates a genuine commitment to addressing an identified issue.

Depending on the nature and severity of the concern, actions may include:

- Requesting clarification or additional information;
- Agreeing on corrective actions;
- Requesting evidence that corrective action has been completed;
- Reviewing the supplier relationship;
- Suspending new orders or activities; or
- Terminating the supplier relationship where appropriate.

Serious violations, deliberate concealment of misconduct, repeated non-compliance, or failure to implement agreed corrective action may result in termination of the business relationship.

21. Continuous Improvement

Weaver Bird recognises that responsible sourcing is an ongoing process.

We encourage suppliers to continually improve their labour, health and safety, environmental, quality, ethical, and supply-chain practices.

Where appropriate, Weaver Bird may engage with suppliers to identify practical improvements and strengthen responsible sourcing practices over time.

22. Supplier Responsibility

Suppliers are responsible for understanding and complying with the requirements applicable to their relationship with Weaver Bird.

Suppliers should communicate relevant requirements to their employees, contractors, and subcontractors where necessary for compliance with this policy.

Where a supplier becomes aware of a serious breach of this policy affecting goods or services supplied to Weaver Bird, the supplier should notify Weaver Bird promptly and cooperate reasonably in addressing the matter.

23. Contact Information
